STRENGTHENING CHRISTIAN SCHOOLS

CST, established in the 1980s, helps independent Christian schools work and serve together. We maintain strong relationships across many educational styles and church traditions.

## CST has:

- supported new schools
- developed teacher training
- written curriculum
- established a school inspectorate
- carried out research
- published books
- developed links with many Christian educators in the UK and abroad.

**Find out how to support CST in prayer, financially or with your skills.**
